

## COVID-19 INFORMATION

Hello,

The exceptional circumstances due to the Covid-19 force us to adapt.

### Cancellation

In accordance with the order taken in France on March 25, 2020 to deal with the Covid-19 epidemic, if you cancel your stay between March 1, 2020 and September 15, 2020, you will be offered a credit note valid for 18 months.

At the end of these 18 months, if this credit has not been used it will be reimbursed.

### After COVID-19

We apply the good practices published by the **National Federation of institutional organizations of tourism** by implementing **specific hygiene measures** ([lien](#)).

We will ask you to leave the premises very clean after your departure.

**The cleaning fee of 50 €** becomes compulsory given the disinfection process that we have to put in place after each stay.

We also ask that you bring your bed linen and towels if possible.

Hoping that all these measures will satisfy you to calmly consider a future stay with us. We look forward to welcoming you soon to our beautiful region.

Until then take good care of yourself and your family.
