

Brise Océane

Hygiene measures implemented from June 1, 2020

Before the arrival

Availability on the website of the recommendations of [ADN Tourism](#) concerning good cleaning and disinfection practices for tourist accommodation (lodgings, furnished accommodation and guest rooms) from 20 May 2020.

Guests are asked to bring masks, hydroalcoholic gel and slippers or house shoes.

For hygienic reasons, no food product is left available to tenants who will have to win their own at the end of the rental.

Tenants are encouraged to bring their own bed, bathroom and household linen.

House

- Provision of hydroalcoholic gel, disinfectant solution and washable microfibers.
- Plasticized Good Practice Charter
- Home and operation booklet of the house are laminated
- Plastic protection on the flat surfaces of wooden furniture to be able to disinfect them with alcohol.
- Washable covers on armchairs.
- Removal of all objects that cannot be disinfected (eg games, books, magazines, seat cushions).
- Window curtains washed after each rental.
- Clips that can be disinfected to handle the curtains.
- Materials renewed for each client: tourist documentation, notebook and pens.
- The TV remote control is wrapped in plastic film that can be disinfected.
- All fabric materials have been removed: bread basket, table runner, napkins and replaced by plastic sets, disposable napkins and washable containers and rugs.
